JP Goldman — Location Pages Report

www.jpgoldman.co.uk · Conveyancing solicitors · Offices: 3 Higher Road, Urmston M41 9AB and 50–52 Wheelock Street, Middlewich CW10 · Report date 14 October 2026 · First run (data pull and check) + second-run plan

BOTTOM LINE The 20 location pages are well built and indexed but only ~2 months old; none gets clicks yet. They're held back by the homepage and an old Manchester post taking the town searches, weak Maps reach beyond ~1–2 miles of each office, thin "answer-first" structure and no named lawyer/registration on page.
LIVE SITE CHANGE None — read-only report. Nothing was edited on jpgoldman.co.uk.
COST No paid credits or heatmap scans used. 94 keyword lookups from the Search Atlas plan allowance (1,326 → 1,420 of 5,000).

Data sources and gaps

Source	Status	What was used / what's missing
Google Search Console	PULLED	Via Search Atlas (property www.jpgoldman.co.uk, UK). Current period **11 Jul – 10 Oct 2026**, compared with 11 Apr – 10 Jul. 105 pages; ~2,100 queries. The location pages first appear in August (Stockport and Warrington in September), so they have **~2 months of data — too new to judge firmly**.
Google Analytics 4	PULLED	GA4 users and engaged sessions per page, same period, via Search Atlas's GSC report. Site Kit in WordPress could not be read (Google "delegation consent" not yet given for the tech login).
Search Atlas heatmaps	PARTIAL	Existing grids only (no new scans). Urmston office: 13 keywords, 6-mile radius, 7–9 pins (centre + ring at ~6 mi), snapshots 16 Aug – 4 Oct. Middlewich: 1 keyword, 1-mile radius, 39 pins. **3/5/10/15/20-mile positions: not scanned** — needs your approval (cost below).
Semrush (UK)	NOT CONNECTED	Substituted with **Search Atlas keyword data (UK)**: monthly search volume (SV), Search Atlas keyword difficulty (KD 0–100, not Semrush's scale) and the UK top-20 results (not localised to a town). 0* = tool reports no measurable volume, not "nobody searches".
Page check	DONE	Live HTML of all 20 location pages + /areas-we-cover/, fetched 14 Oct 2026: word count (main content), title, H1, headings, FAQs, structured data, contact details, duplicate wording (5-word shingle overlap with town names masked).

Section 1 — Diagnosis

1.1 Where each location page is now

GSC = Google Search Console, 11 Jul – 10 Oct 2026. Position is Google's average across all queries for the page. GA = GA4 users in the same period. Word count = main content only (header/footer excluded), so treat as approximate.

1.2 Where we are for each search

SV = UK monthly searches, KD = keyword difficulty (both Search Atlas, 14 Oct 2026). Google pos = Search Console average position, 11 Jul – 10 Oct. "Not in GSC" = the site got no impressions for that exact search. UK SERP pos = position in Search Atlas's UK top 20 (not localised; — = not in top 20).

1.3 Why the location pages are behind

Reason	Evidence
Too new	• All 20 pages first got impressions in August 2026 (Stockport and Warrington in September); previous-period impressions were 0. • Combined: 4,136 impressions, 0 clicks, 24 GA4 users in 2 months. Two months is too early for a final verdict — but positions 10–40 for most main searches show they need help, not just time.
Other pages take the town searches (cannibalisation)	• "conveyancing solicitors urmston", "solicitors urmston", "urmston solicitors", "first-time buyer solicitors urmston" all show the **homepage**, not the Urmston page; up to 12 of our pages get impressions for one Urmston search. • The Urmston page's top query is "jp goldman reviews" (brand), not an Urmston service search. • Manchester searches split between the homepage (pos 12–13) and the blog post /fixed-fee-conveyancing-in-manchester/ (8,207 impressions, 9 clicks). • The Partington page is shown for "new build conveyancing trafford", "residential conveyancing irlam" and "conveyancing solicitors manchester city centre"; the Chorlton page for "conveyancing solicitors stretford".
Maps reach stops near each office	• Urmston: #1 at the office for "conveyancing solicitors", "conveyancing", "conveyancer", "property solicitor", "solicitors near me" — but outside the top 20 at every pin ~6 miles away (only "remortgage solicitors" holds 3 of 6 outer pins in the top 20). • No Maps presence at all, even at the office, for "fixed fee conveyancing", "cheap conveyancing", "commercial conveyancing", "probate solicitors". • Middlewich: #2 at the office and #4–7 within 1 mile for "conveyancer"; Blain Boland (#1.2) and We Are Conveyancers (#1.8) lead. • Most towns with pages are 4–12 miles from an office, where Maps rarely shows the firm — so those pages must win in the normal results.
Thin "answer" structure	• 620–1,459 words (9 of 19 town pages under 800). • Every section title is an H4 (no H2/H3). • FAQs (3–6 per page) are bold text, not question headings. • No 40–60-word direct answer at the top. • No named conveyancer, CLC registration or "last reviewed" date in the page body. • Markup has FAQPage/Breadcrumb but no LegalService/LocalBusiness with the serving office and area served.
Missing towns	• High-volume towns in the radius with no page: Manchester (880/mo), Bolton (260), Wigan (210), Leigh (70), Wilmslow (50), Nantwich, Congleton (30 each). • Bolton and Manchester City Centre pages exist as drafts on staging only.
Low click rate	• Location pages: 4,136 impressions, 0 clicks — mostly because they sit on page 2–4. • Homepage: 14,141 impressions but its CTR fell sharply versus the previous period (more non-brand impressions at lower positions). • Manchester post: 0.1% CTR at position ~23.
Duplicate wording / addresses	• Pages are **not copies**: the highest overlap is 31% (Crewe ~ Winsford); the Cheshire group (Crewe, Winsford, Sandbach, Northwich) shares the most template text; most pages overlap 7–15%. • Canonicals are correct and there are no duplicate URLs among the location pages. • But a **second site, hbpropertylegal.co.uk** (same company), ranks #7 for "conveyancing solicitors urmston" with a different phone (0161 850 8553) — split signals and inconsistent name/phone.
Competitors	• Organic Urmston: CJ Law (#1, DR 21), Michael Taylor & Co, ReviewSolicitors, Leech & Co, CHL Solicitors. • Manchester: Reddit/Facebook threads, QualitySolicitors, Mounteney, Stephensons, Setfords. • Maps (Urmston radius): TQ Law (972 reviews), Butcher & Barlow, Fiona Bruce, Mark Reynolds, Blackstone, MS Law, GD Property, Conveyancing Expert — mostly 50–1,000 reviews vs JP Goldman's 219.

1.4 What we need to do overall

- **One page per search:** each town search should land on its own town page; the homepage keeps brand + "Manchester & Cheshire"; a single Manchester page owns "conveyancing solicitors manchester".

- **Strengthen the 20 pages without changing their wording:** add a direct-answer box, named conveyancer + CLC number, local proof (reviews, completed moves), steps list, an extra 300–500 words of genuinely local content and an "updated" date; promote section titles to H2 and FAQ questions to H3; add LegalService markup.
- **Internal links:** homepage, service pages and the Manchester/Cheshire posts should link to the right town pages with town-name anchors; each town page should link to its 3–5 neighbours.
- **Maps:** grow reviews and local signals for both Google Business Profiles; run a 20-mile scan (with approval) to know where Maps visibility ends.
- **Fill the gaps:** Manchester first, then Bolton, Wigan, Leigh and a Cheshire set (Wilmslow, Knutsford, Nantwich, Congleton).
- **Resolve the HB Property Legal site** (redirect, or clearly separate with matching details).

* Maps grids track the generic term ("conveyancing solicitors", "conveyancing", "solicitors near me") searched from each pin, which is how a local searcher sees Maps; the town name is implied by location. Altrincham, Stockport etc. sit outside the 6-mile ring or at its edge; "beyond #20" there is an *estimate* from the nearest ring pins.

2.2 Pages to optimise now — priority order

Rule for every task: keep the existing page wording word for word; only add new blocks, change heading tags (same words) and add markup. Each added block should be signed off by the firm before publishing.

#	Page	Why now	Tasks
1	/conveyancing-solicitors-urmston/	Office town; homepage takes its searches (SV 30 + 260 + 10)	• Add a 40–60-word answer box under the H1 ("JP Goldman are conveyancing solicitors in Urmston, at 3 Higher Road, M41 9AB… fixed fee… [named conveyancer], CLC-regulated (No. 11570)"). • Make the visible FAQ match the markup: add a visible answer to "Where is JP Goldman's Urmston office?". • Change section titles from H4 to H2, and FAQ questions to H3 (same wording). • Add LegalService markup (Urmston office, geo, hours, areaServed: Urmston, Flixton, Davyhulme, Stretford). • Add a named-conveyancer box with photo, role and registration. • Add 2–3 Urmston client reviews with dates. • Add a 5-step "How your Urmston purchase works" numbered list and "Last reviewed: [date]". • Homepage: add one link "conveyancing solicitors in Urmston" → this page (add, don't replace).
2	/conveyancing-solicitors-middlewich/	Second office; UK SERP #5; only brand queries so far	• Same answer box, named-conveyancer box and markup as #1, for the Middlewich office (50–52 Wheelock St, 01606 654629). • Add "solicitors in Middlewich" (SV 90) wording in the new answer box. • Link to Winsford, Sandbach, Northwich and Crewe pages with town anchors. • Add local reviews and a Middlewich steps list.
3	/conveyancing-solicitors-warrington/	SV 260 (+880 "solicitors warrington"); pos 30–40	• Add an answer box, named conveyancer and "updated" date. • Add 300–500 words of new Warrington-specific content: estates and postcodes (WA1–WA5), typical property types, Warrington Borough searches timescale *(firm to supply facts)*. • Change titles to H2 and FAQs to H3. • Add internal links from Altrincham, Partington and Irlam pages and from /areas-we-cover/ (already linked). • Only 1 location link today — add links to 3 neighbours.
4	/conveyancing-solicitors-stockport/	SV 260 + 70; pos 24–31; 33 queries already	• Same set as #3 (answer box, H2/H3, named conveyancer, steps list). • Add Cheadle wording (it already gets a Cheadle query). • Add links to and from Didsbury, Timperley and Altrincham.
5	/conveyancing-solicitors-altrincham/	SV 140; pos 9 — nearest to page 1	• Add answer box, H2/H3 structure, Altrincham reviews and an "updated" date. • Add links from Sale, Timperley and the homepage service area block. • Title already strong — no change.
6	/conveyancing-solicitors-sale/	"conveyancing sale" SV 50, "solicitors sale" 390; not ranking	• Add an answer box that makes the town explicit ("Sale, Trafford, M33"). • "Sale" is ambiguous (house sale) — use "Sale, Manchester" and "M33" in the added text. • Add Sale-specific steps and reviews.
7	Crewe, Northwich, Sandbach, Winsford	SV 20–70 each; pos 11–20 or not ranking; most shared wording (up to 31%)	• Add a unique 300-word local section to each (estates, local searches, new-build developments) to cut overlap. • Answer box, H2/H3, Middlewich-office LegalService markup. • Cross-link all four plus Middlewich.
8	Salford, Didsbury, Chorlton, Eccles, Stretford, Partington, Irlam, Flixton, Timperley	Low volume; positions 2–25 for long-tail searches	• Answer box, H2/H3, named conveyancer and "updated" date. • Fix cross-links per the cannibalisation table (1.6). • Add a reviews snippet.
9	/areas-we-cover/ (hub)	Links to all 19 pages	• Add a short intro answer, a table of towns grouped by office with distances, and LegalService markup with areaServed listing every town.

2.3 New content to make

Piece	Target keywords (SV / KD)	Notes
Manchester page — expand /fixed-fee-conveyancing-in-manchester/ into the Manchester page (keep its wording, add sections) or publish a new /conveyancing-solicitors-manchester/ and link the post to it	conveyancing solicitors manchester (880 / 13) conveyancing manchester (260 / 21) conveyancing solicitors manchester city centre (20 / 19)	Biggest single opportunity. Per your earlier instruction, no new site content is written in this report — these are briefs for approval.

2.4 How every page will meet SEO, AEO, GEO and SGE

Standard	Requirement	Status today on the location pages
SEO	• Keyword in the title, H1 and first 100 words • One page per keyword • Internal links • Markup	• Title, H1 and first 100 words: ✔ on all 20. • One page per keyword: ✘ (homepage and Manchester post compete; see 1.6). • Internal links: partly (3 links each; Stockport and Warrington only 1). • Markup: FAQ and Breadcrumb ✔; LegalService/LocalBusiness ✘.
AEO	• A 40–60-word direct answer at the top • Question headings • FAQs	• Direct answer: ✘. • Question headings: ✘ (FAQs are bold text; sections are H4). • FAQs: ✔ 3–6 per page (Urmston has 1 markup/visible mismatch).
GEO	• Named solicitor with registration number • Plainly stated facts • Cited sources • The same name, address and phone everywhere	• Named lawyer: ✘ (CLC No. 11570 is in the footer only). • Plain facts: ✔ (house prices, transport, schools) but sources are not cited — add "Source: HM Land Registry, [month year]" lines. • Name, address and phone: consistent on our site per office, but the HB Property Legal site uses 0161 850 8553.
SGE	• Clear first answer • Steps written as lists • Up-to-date dates • Reviews and local proof	• First answer: ✘. • Steps as lists: ✘. • Dates: ✘ (no "last reviewed"). • Reviews: "4.5 stars from 219 Google reviews" line on most pages ✔, but no town-specific testimonials.

2.5 What the firm needs to confirm

- **Named conveyancer(s)** for each office, with their role and CLC registration details, plus a photo, for the author/expert boxes.
- **HB Property Legal website** (hbpropertylegal.co.uk, phone 0161 850 8553): is it still active? Should it redirect to JP Goldman, or stay separate with matching details?
- **Office details** as they should appear everywhere: Urmston 0161 850 5600; Middlewich 01606 654629 / 50–52 Wheelock Street (full postcode); opening hours.
- **Towns served from each office**, and whether Wigan, Bolton, Wilmslow and Nantwich should be targeted.
- **Manchester:** expand the existing Manchester post into the Manchester page, or create a new page?
- **Local proof:** town-specific reviews or case examples that the firm is happy to publish.

- **Approval for the 20-mile Maps scan** (one-off; previewed free, nothing run). Urmston office: 3 keywords × 175 pins = 525 heatmap checks. Middlewich: 2 keywords × 175 pins = 350 checks. Rings at roughly 3, 6, 9, 12, 15, 18 and 21 miles. Balance: 7,878 of 13,500 heatmap searches remaining.
- **Access to tidy up later:** Google Site Kit "delegation consent" for the tech login (wp-admin → Site Kit), and Semrush if you want Semrush KD instead of Search Atlas KD.
